Eyer since the establishment of the first paperon the bay of Bau Francisco, which we believe was the "Alia," removed from Monterey in 1869; the nhabitants of the Coast generally have been interested in the news from San Francisco. The "Alia," like many other pioneers of '49, has succumbed to the inevitable and gone over to the great majority, and, like other pioneers, has been succeeded by younger generations. The "Examiner" has taken perhaps the most prominent piace in the newspaper field of late years, and its Weekly edition is very generally taken by those who want an interessing and reliable paper published at "The hay."
